Ex-Chairman's Challenge!
Sunday 29th June 2025
**Meeting at the top of Gold Hill, Shaftesbury,
10.00am for a 10.30am start****

A gentle circular run of just under 40 miles, dependant on interpretation of the legendary route maps. Gliding through picturesque countryside over a variety of mostly minor roads, ideally suited to lower-powered machines; pillions most welcome. Bring a friend, heck, bring two.

This year's challenge is in the form of a steeplechase, or rather, the ex-chairman's idea of what constitutes a steeplechase. This is unlikely to match your understanding of the term. All finishers deemed worthy will receive an ice-cream, entirely at the discretion of the Ex-Chairman. Any complaints about the route or format will result in immediate revocation of frosty delights. Ariel riders are usually pre-disqualified as a matter of course, subject to the Ex-Chairman's whim of the day.
